

Creating Your Template

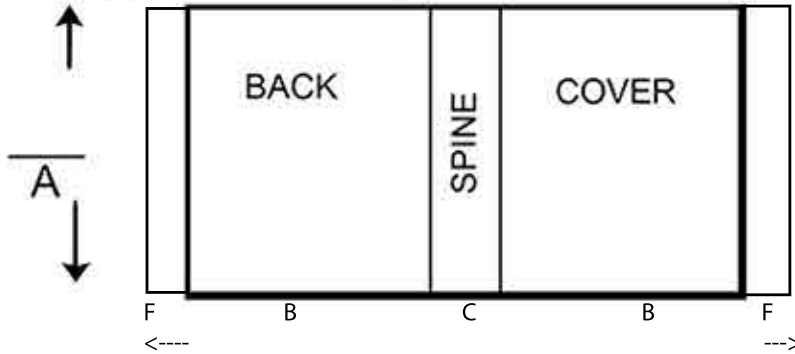

For this project, you will need to **create your own template** in Adobe Illustrator.
 Answer the following questions to help you construct your digital template.

With a ruler, please **measure the following dimensions of your book** and **record the measurements** in the appropriate areas below. Remember, the images here are merely average sized templates; your book's measurements may be quite different than the drawings shown on this page.

WITH FLAPS

*Plug in your numbers to the equation below to determine the total width of your template

My Page Size Is:

Height (A) : _____

Width (D) : _____

$$\frac{\quad}{F} + \frac{\quad}{B} + \frac{\quad}{C} + \frac{\quad}{B} + \frac{\quad}{F} + .25 = \frac{\quad}{D}$$

* ADD .25 INCH TO ACCOUNT FOR FOLDING AND CREASES
